No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to enter the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the examination reported to the Commissioner.

(5) Any candidate suspected of having had recourse to subterfuge of any kind is liable to have his examination invalidated, and also to be delivered from appearing again for any of the examinations under the sanction of the Commissioner for each term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the truthfulness of his results, he may be required to undergo a re-examination at some future date as is fixed by the Commissioner in any case or more of the subjects of the examination for which he appeared, his success or failure being determined as the merits of such re-examination.

(6) No candidate will, on any account, be allowed to take into the examination room shoes, books, newspapers or papers of any kind. (In the case of candidates, however, coming up for the Account, Jail, Civil, Criminal, Criminal Judicial and Revenue Trials, the use of books will be allowed in answering certain question papers.) (8) Candidates desiring to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where previous leave has been granted, the Commissioner is later permitting the change should be produced for the satisfaction of the Superintendent.

NOTICE TO CANDIDATES FOR THE PRACTICE TEST.

The following instructions are published in order that candidates may know what is expected of them in this test:—

Instructions to candidates.

The object of a picnic is that anyone who has not time to read the original correspondence may, by reading the paper, be taken possession of all the leading features of what passed.

2. The candidate should begin by reading the whole of the correspondence carefully through without writing anything, so that he may clearly understand what passed and be in a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

3. The picnic should begin with a brief and terse summary of the subject under treatment. This should be followed by a narrative in the past tense containing a brief and clear statement of the contents of the correspondence, not in the order of the papers but arranged primarily in chronological order, but in brief order. An extract of every page is the main evidence as an index of the contents is not a picnic.

4. The merits of a picnic are:—

- (1) to ensure all that is important in the correspondence and nothing that is unimportant;
- (2) to present this in a readable and concise shape, arranged as intelligibly and clearly as possible;
- (3) to be as brief as is compatible with completeness and accuracy;
- (4) to present a strictly accurate and logically reasoned statement of the contents of the correspondence.

B.S.

We would like to see, except to those who write any one, of the more important points; marks will be deducted of unimportant points are included or if facts are repeated unnecessarily; also, it is not ordinarily necessary to give the date of every paper in the correspondence and the full name and designation of the writer or reviewer of every letter; and if a fact is repeated in different papers it need not generally be noted more than once in the press.

3. Grammar, spelling, style and handwriting will be considered in judging marks; but it must be remembered that mere excellence in composition will not compensate for inaccuracy or incompleteness in the presentation of the facts of the correspondence.

The station of the Barometer is twenty-two feet above the level of the sea, and the records of the State flag are taken from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.
